STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING *

This budget reflects continued use of the Capital Reserve Fund to save for and then spend money on capital projects to replace aging infrastructure and maintain our source and storage capacity and fire protection capabilities, and the Resilience Reserve Fund to allow saving to smooth cash flow across fiscal years, to help improve financial resilience and water rate stabilization.

This budget reflects higher interest income due to rising rates, and some larger revenue estimated to come from one-time grants and cash disbursements associated with PFAS-related legal settlements provided to water utilities.

RESOLUTION 2024-07
RAINBOW WATER DISTRICT
RESOLUTION AUTHORIZING A REQUEST TO JOIN THE
2023 LANE COUNTY NATURAL HAZARDS MITIGATION PLAN

WHEREAS, Rainbow Water District (Rainbow) is a domestic water supply district organized under Oregon Revised Statutes (ORS) Chapter 264, and ORS 264.410 provides “the power and authority given to districts is vested in and shall be exercised by a board of five commissioners”, and

WHEREAS, Rainbow recognizes the threat that natural hazards pose to people and property within our community; and undertaking hazard mitigation actions will reduce the potential for harm to people and property from future hazard occurrences; and

WHEREAS, the Federal Emergency Management Agency (FEMA) requires jurisdictions to update and formally adopt their Natural Hazards Mitigation Plan (NHMP) every five years to be eligible to receive grant funding from FEMA for disaster mitigation projects; and

WHEREAS, Rainbow participated in the approved January 2020 “Eugene-Springfield Area Multi-Jurisdictional Natural Hazards Mitigation Plan” along with the Cities of Eugene and Springfield, the Eugene Water and Electric Board (EWEB), and the Springfield Utility Board (SUB), and plan partners have begun work on the required 2025 updates, and

WHEREAS, Rainbow, along with EWEB, Willamalane, and several other agencies, desires to transition and join the Lane County Multi-Jurisdictional NHMP adopted in October 2023, seeing the value and benefit of being a part of a larger multi-jurisdictional plan that addresses hazards in rural areas as well as the more urban areas covered by the incorporated cities, with a larger plan providing efficiencies in staffing, better continuity of hazard risk assessments, and improved mitigation strategies and public education campaigns across multiple jurisdictions, and

WHEREAS, requests to join the Lane County NHMP are allowed until October 17, 2024, and the work already in progress for the five-year update of our current plan would also apply to the Lane County NHMP, and

NOW, THEREFORE, BE IT RESOLVED, the Rainbow Water District Board of Commissioners hereby authorizes the Board President and District Superintendent to formally request to join Lane County’s 2023 NHMP, and

RESOLUTION 2024-12
RAINBOW WATER DISTRICT AUTHORIZING TRANSFER FROM
THE WATER OPERATING GENERAL FUND TO THE RESILIENCE FUND

WHEREAS, Rainbow Water District is a domestic water supply district organized under Oregon Revised Statutes (ORS) Chapter 264, and ORS 264.410 provides that “the power and authority given to districts is vested in and shall be exercised by a board of five commissioners, each of whom shall be an elector of the district”, and

The funds shall be transferred at such point in the budget year, but no later than on or the next available business day before June 30, 2024, when it is determined that surplus revenues exist to store away for future expenditure. Monies saved in the Resilience Fund are to provide savings for an emergency, or ‘rainy’ day, and to help smooth rate increases by managing fluctuations in water revenue across multiple budget years. Whereas the Capital Reserve Fund is intended to focus on construction projects, the Resilience Fund is intended to assist with operating costs.
